

# Gold Medal Clinic

Indianapolis, Indiana, USA

Sept. 2-3-4, 2010

The American Swimming Coaches Association will conduct, in conjunction with the World Swimming Coaches Association, a Gold Medal Clinic Track at the Annual ASCA World Clinic in Indianapolis on the dates indicated. (The whole ASCA Clinic will extend from Sept 1-Sept. 5.) All the Gold Medal Presentations will be in their own "track" of programs, on Sept. 2-3-4.

The ASCA and WSCA will invite the coach of each Gold Medalist from the Rome World Championships to provide a two hour presentation on the preparation of their athlete for Rome. Compensation will consist of economy class travel, lodging and an honorarium.

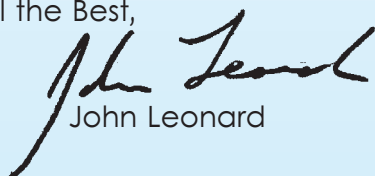

There will be one "attendance fee" for the entire clinic and the Gold Medal Track will be one option within the entire program.

We especially invite our international coaching friends to join us in Indianapolis for this educational and inspirational event. We will plan time for both socializing and specific discussion of the world important issues in our sport.

This clinic is being financially supported by the American Swimming Coaches Association and USA-Swimming.

Please help us in distributing this information to all our friends world-wide.

All the Best,

  
John Leonard
